American Goldfinch

Spinus tristis

Difficulty **Easy**

Coloring Guide: *Adult male, breeding plumage.* Lemon yellow with a black cap and black wings with white bars.

Also try: Females and winter birds lack the black cap.

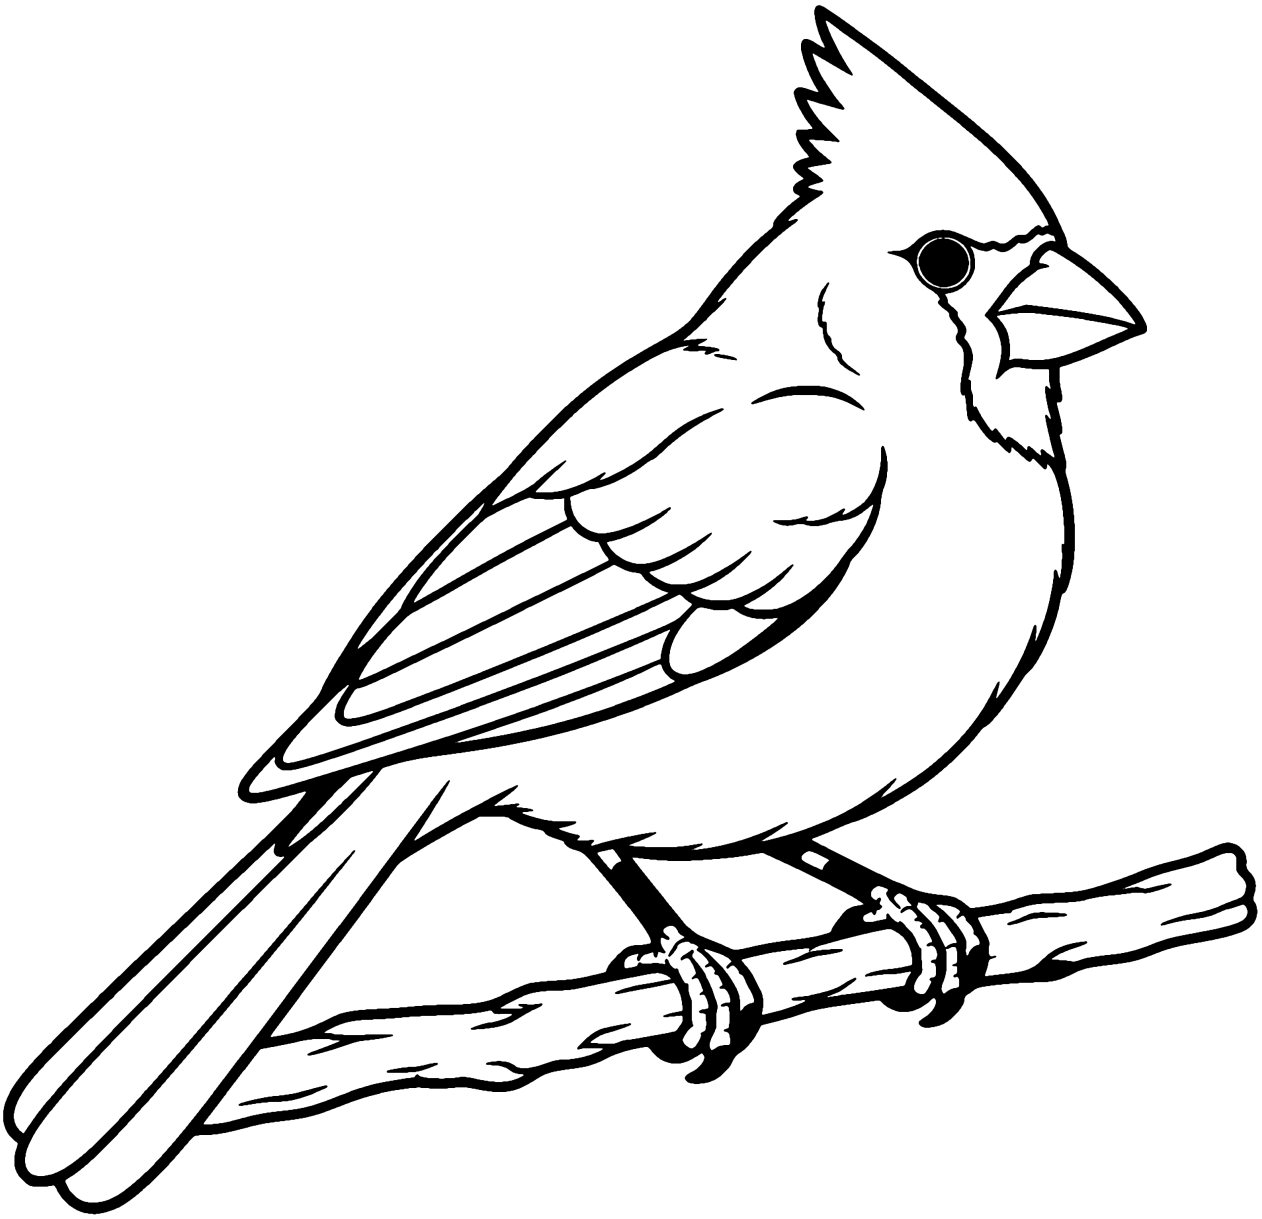

Tip: Leave the wing bars white.

Did you know? They nest late, waiting for thistle seeds to ripen.

Northern Cardinal

Cardinalis cardinalis

Difficulty **Medium**

Coloring Guide: *Adult male.* Bright red all over with a black face mask and an orange-red bill.

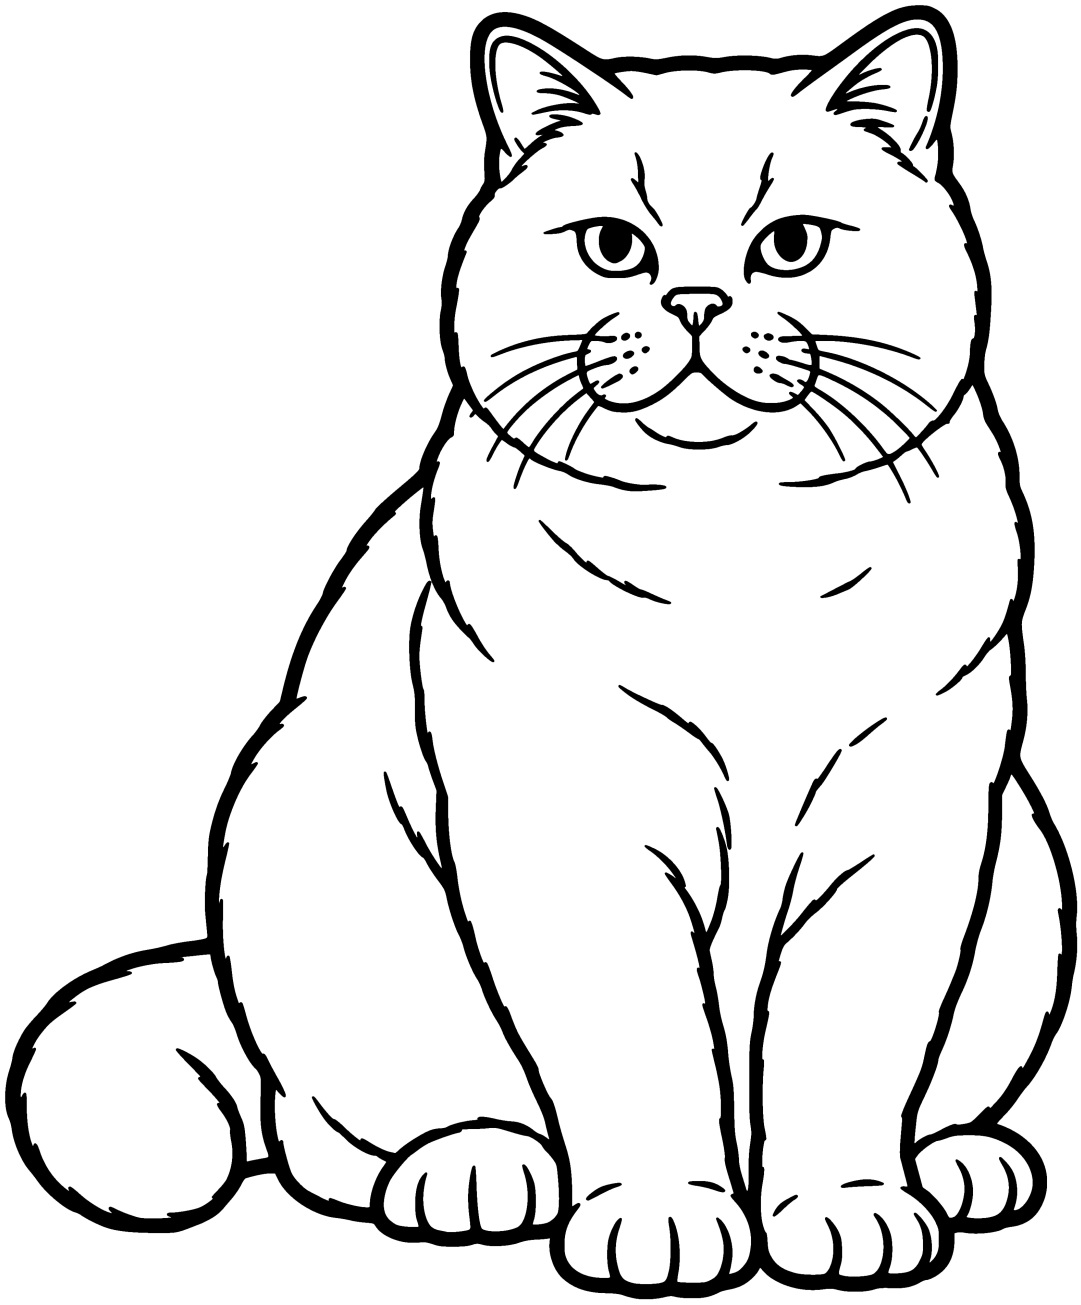

Also try: Females are warm tan with touches of red.

Where the color goes: The black mask is outlined. Color it first.

Did you know? Cardinals stay put all year, and both males and females sing.

British Shorthair

Difficulty 🐾🐾🐾 **Medium**

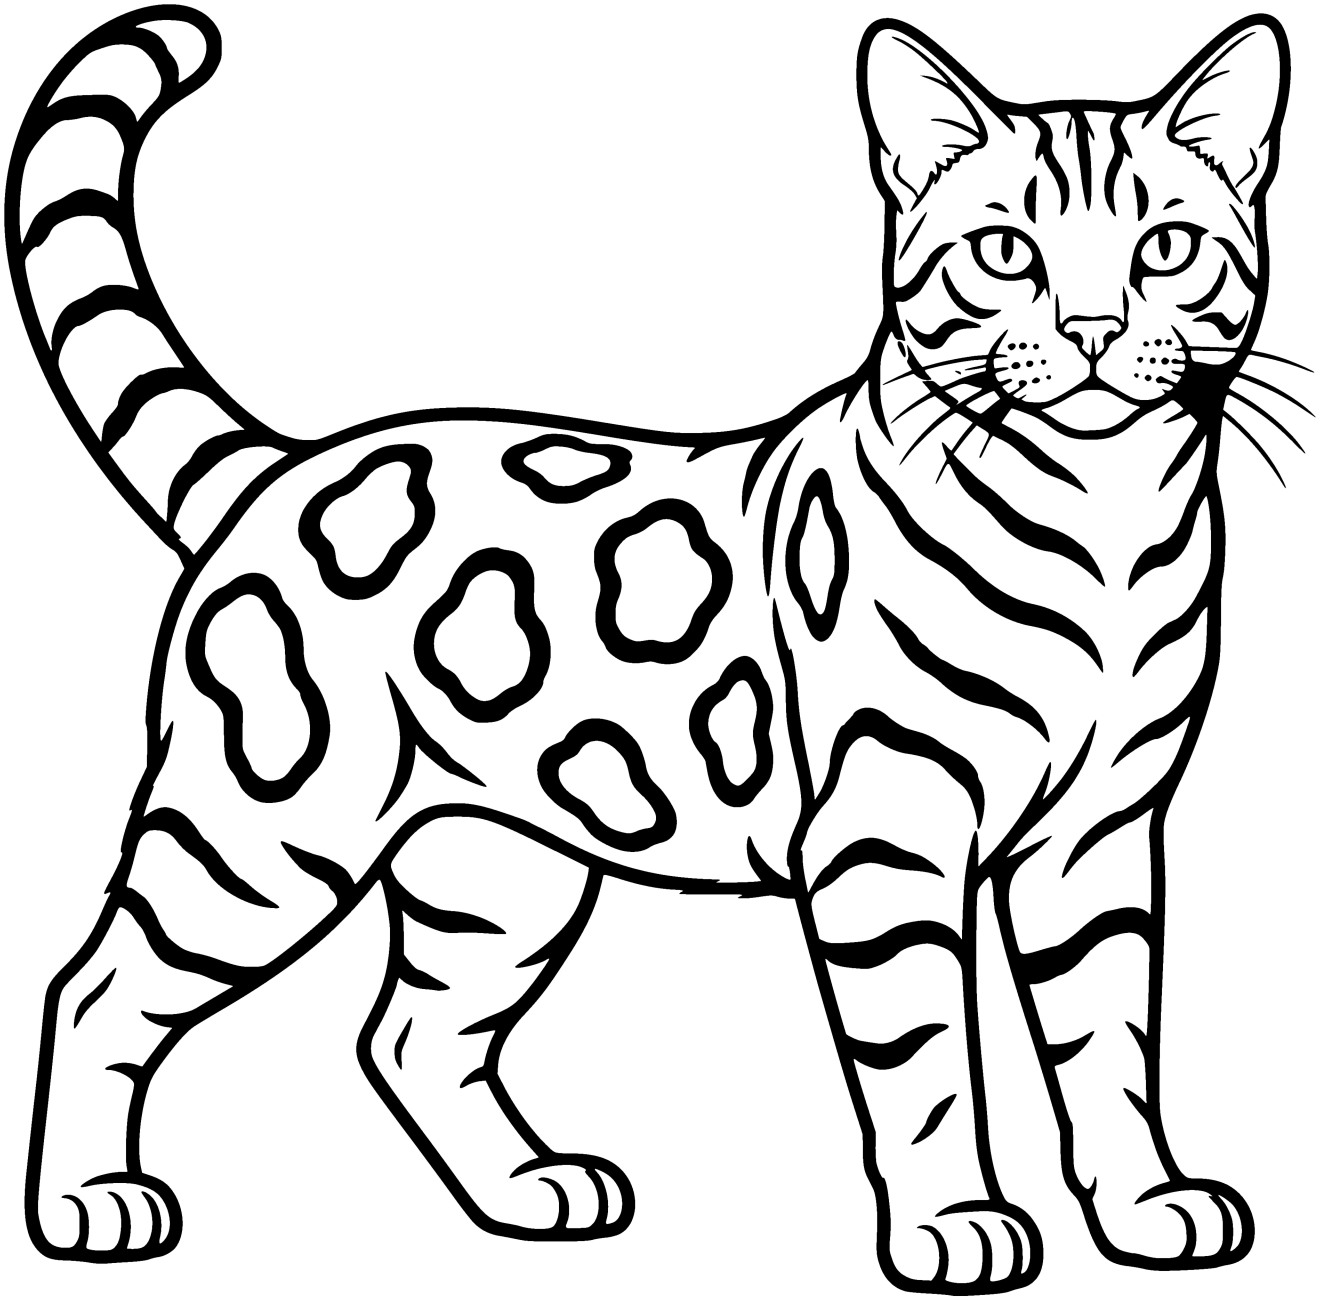

Coloring Guide: A dense, plush coat, most famously solid blue-gray, with a round face and copper eyes.

Did you know? British Shorthairs are calm, easygoing cats with a sturdy, teddy-bear build.

Bengal

Difficulty 🐾🐾🐾 **Detailed**

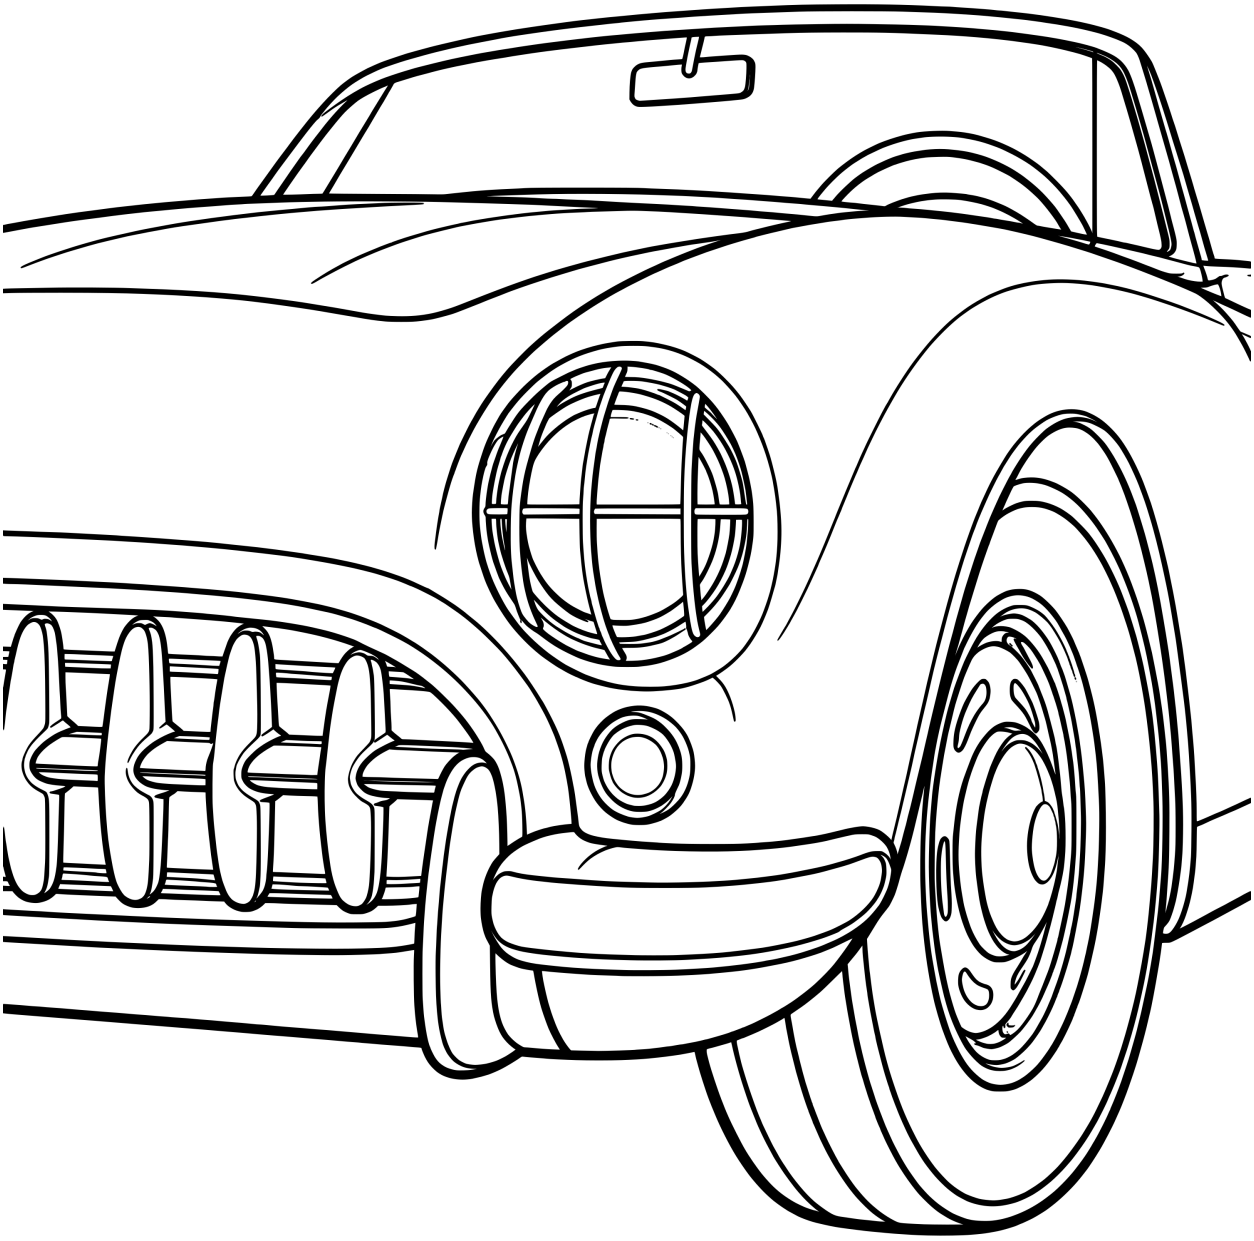

Coloring Guide: A golden or orange coat with dark rosettes and spots; some are pale silver or snow white.

Did you know? The Bengal breed began by crossing domestic cats with the wild Asian leopard cat.

Chrome Teeth

●○○ **Easy** · *Try white, red & chrome*

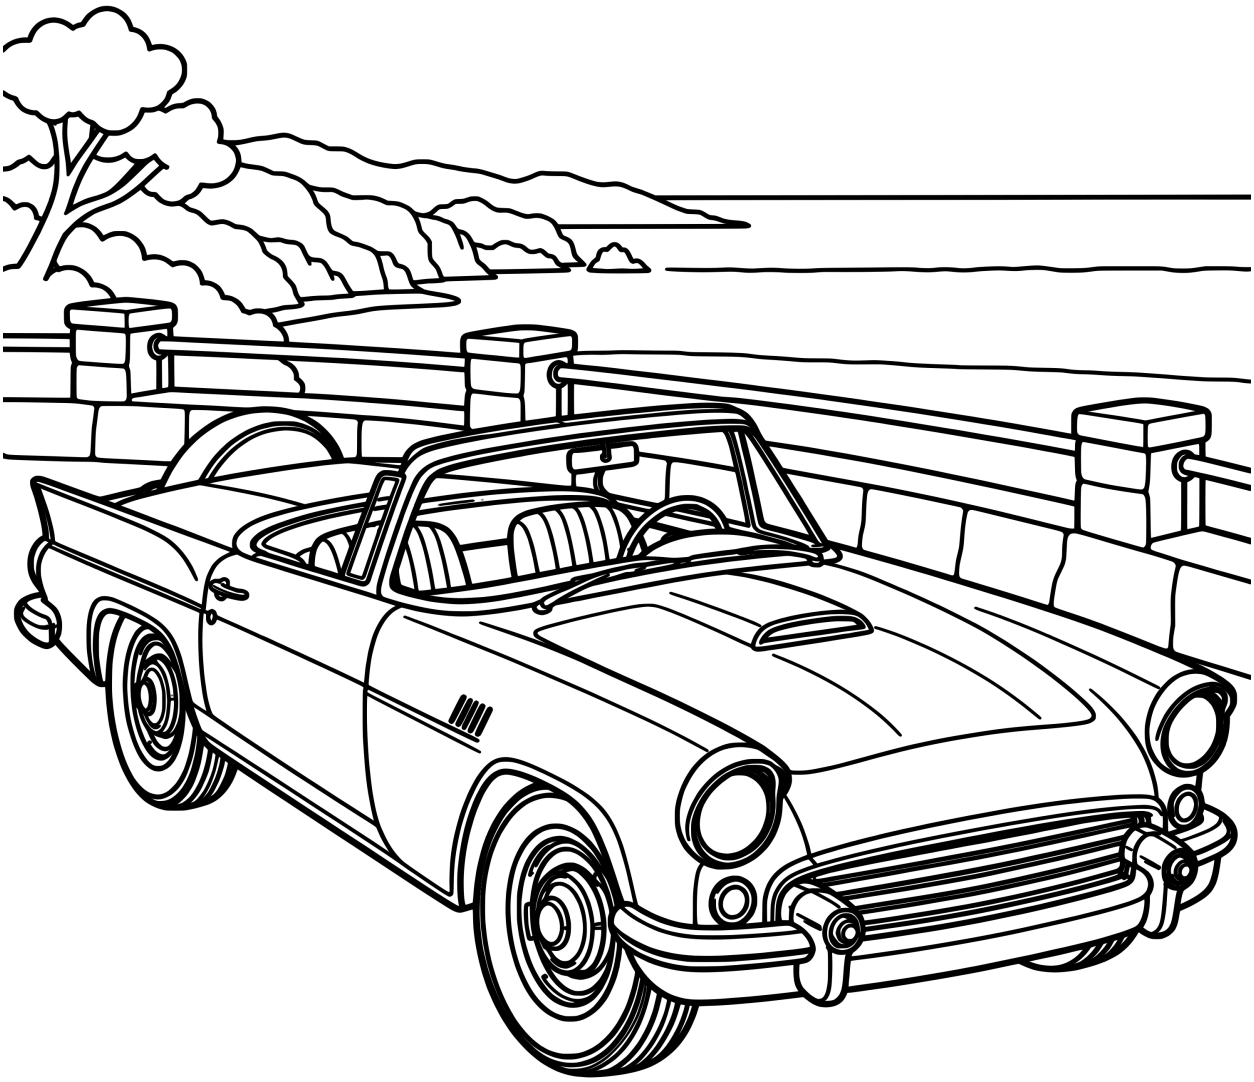

1950s AMERICAN SPORTS CAR

It was one of the first production cars with a body made of fiberglass, a new material that was light, easy to shape and would not rust.

Top Down at the Shore

●●○ **Medium** · *Try seafoam, white & chrome*

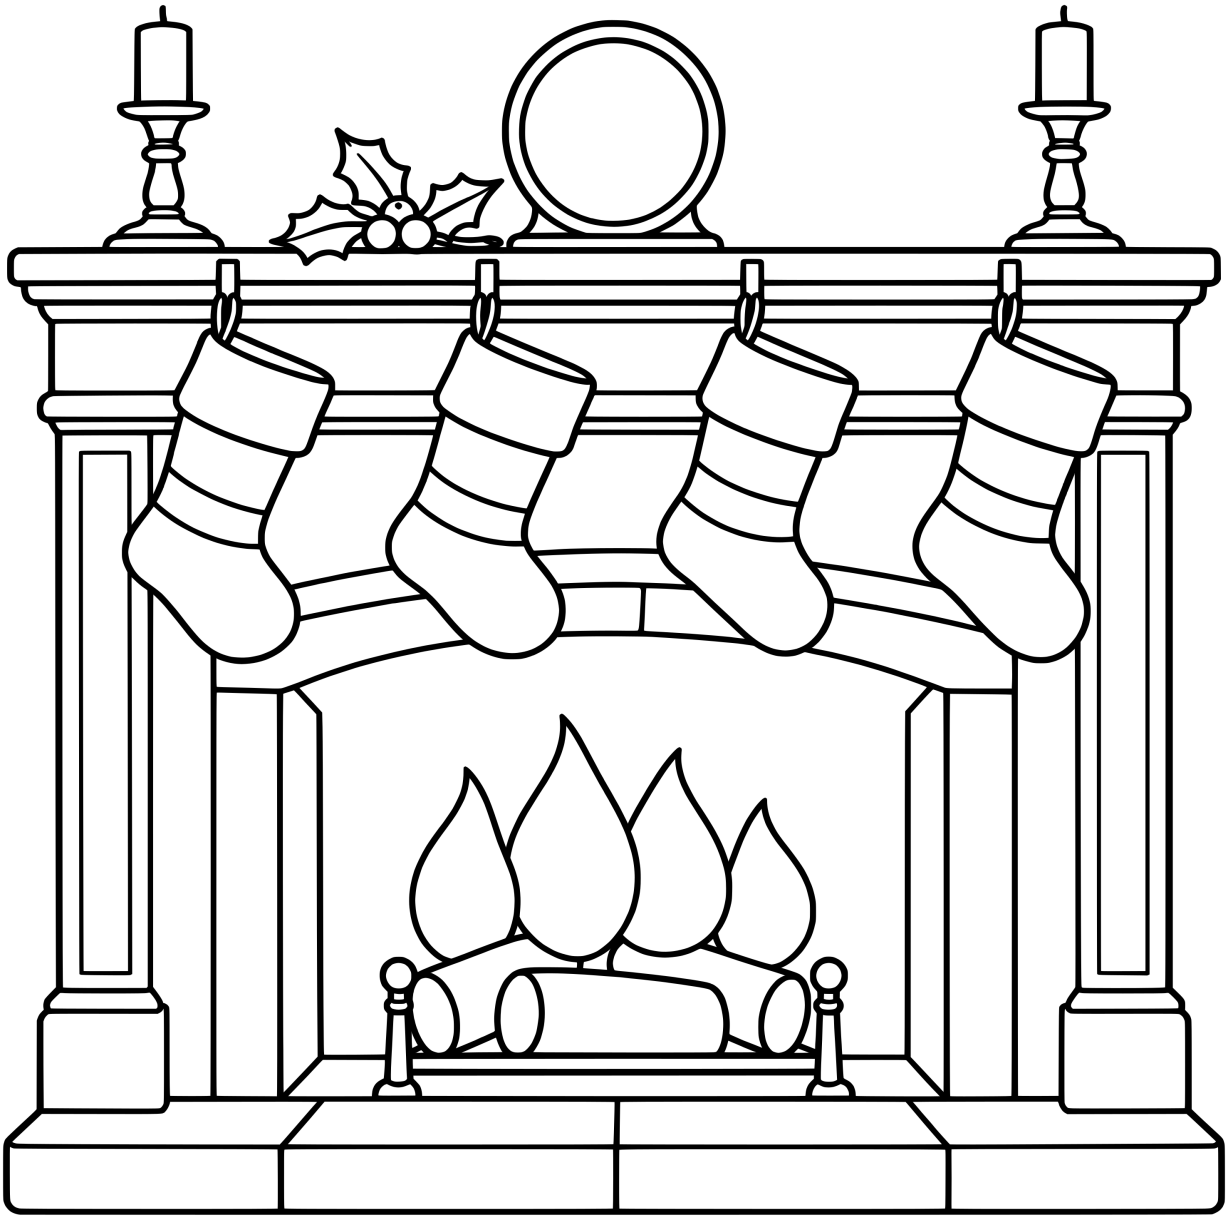

1950s TWO-SEAT CONVERTIBLE

Some 1950s two-seaters came with both a folding cloth top and a lift-off hardtop, often with round porthole windows.

Stockings on the Mantel

●●○ **Medium** · *Try red, green & cream*

THE LIVING ROOM

Stockings hung by the fireplace go back at least to the early 1800s. A famous 1823 poem has them hung “by the chimney with care.”

Cookies on the Rack

●●○ **Medium** · *Try golden brown, white & red*

THE KITCHEN

A wire rack lets air move under fresh cookies, so their bottoms stay crisp instead of going soft from the steam.
